Mr. Jansons stated Chief Henry has graciously welcomed me to the area and took me on a tour of the District. I am interested in learning more about the District and the seventy-five (75) years of service and history here. I look forward to working with Chief Henry and continuing the good relationship between the City of Kerman and the District. I hope we have some opportunities for the City Council to work with the District Board on issues of mutual concern and interest.

Chief Henry stated he talked to Mr. Jansons about an incident that happened to a family in Kerman and together along with school officials, we were all able to provide some help to this family. I appreciate the relationship we are building and am excited to think of the opportunities our open dialogue and support will provide.

The District Board welcomed Mr. Jansons to Kerman and thanked him for the opportunity to meet him and work with him and the City of Kerman officials.

### 6. FIRE CHIEF REPORT

### A) Fire Incident Fire/Prevention Reports for December

Chief Henry asked the District Board if they received the incident and fire prevention reports by email this month. He stated with the boards consent he would like to continue to provide these two reports by email and just put a summary page in everyone's board packet. Hard copies will be available at each board meeting if a board member would like to take one home. After you review the monthly email of the reports, you can email any questions you have and I will be prepared to answer the question at the board meeting.

The District Board gave their consent to receive the incident and fire prevention reports by email and discuss answers to any questions at the board meeting. There were no questions about this month's reports.

### B) Portable Classrooms Update

Chief Henry stated we are currently going through the permitting process with the City of Kerman for a conditional use permit for the portable classroom we are installing here at station 55.

Chief Henry reported the District went out to bid for the work we will be doing here at station 55 for the classroom and paving the area around the classroom, constructing a fence and gates. At station 58 we just have to pour the footing and prepare a pad to place the classroom on, which will not require a permit.

Chief Henry stated the contractor that was awarded the bid by the school district to move the classrooms will move the classrooms to our stations. The District has

a contractor to construct the footing and pad at station 58 and when the classroom arrives this contractor will set the classroom in place, put it together, and wire it. And the contractor that gets the bid for station 55 will do the same with the classroom we are having delivered here. Originally, we were going to place the classroom at station 58 in the gravel area on the north side of the shop but this area is not going to work. Placing the classroom in this area is too close to the existing septic tank and there has been some sink holes in this spot in the past from deteriorating roots from a large tree that was pulled from this spot years ago. We are going to place the classroom south of the old administration buildings west of the shop. This will be a better spot with plenty of space.

Chief Henry addressed a few more questions from the District Board.

### C) Weed Abatement - City of Kerman

Chief Henry stated one of the conversations I had with City Manager Jansons was about providing weed abatement services in the City of Kerman. The City's code enforcement has been providing weed abatement services in the City while the District provides this service throughout the rest of the District including the town of Biola. The City of Kerman is approximately three and a half square miles and so I talked to Mr. Jansons about what it would look like for the District to provide the weed abatement services within the city of Kerman.

Mr. Jansons stated currently the City does not have a code enforcement department but instead are relying on a contracted building inspector and planning department staff to handle the enforcement of weed abatement and other enforcement issues. Mr. Jansons stated the District is performing the abatement function in the surrounding areas around the City and with a better efficiency and good governance. Chief Henry and I will explore the possibility of the District providing abatement services for the City. Mr. Jansons added, what can't be overlooked is the power of the badge and uniform. We send out civilians with clip boards and encourage people to abate their weeds and hazards. That pales in comparison to the response you get when a fire professional shows up and says this is a dangerous situation.

The District Board was not aware the District did not already provide this service to the City and is in favor of working something out with the City for the District to provide abatement services. Chief Henry stated he will work with Mr. Jansons and City officials to move forward on what is needed for the District to provide abatement services in the City.

### 7. PUBLIC HEARING AND ADOPTION OF FIRE CODE ORDINANCE NO. 2019-01

A) Action item – Conduct Public Hearing and adopt Fire Code Ordinance No. 2019-01 introduced at the December 19, 2019, regular board meeting.

Mr. Abrahamian opened the floor for the public hearing but there was no one from the public present for the hearing so he closed the public hearing.

The District Board asked a question about the next step to complete the adoption of the District's Fire Code Ordinance. Chief Henry explained the process of

sending the adopted ordinance to the City of Kerman and the County of Fresno for their respective governing officials to ratify, modify or deny the ordinance. The City and County have fifteen (15) days to make a determination.

There were no more questions or discussion so Mr. Abrahamian called for a motion.

**Motion**: To adopt Fire Code Ordinance No. 2019-01 as presented.

Moved by: Mr. Nonini, second by Ms. Souza.

Mr. Abrahamian: Mrs. Belluomini: Mr. Foglio: Mr. Nonini: Ms. Souza: Vote: Aye Aye Aye 5/0

**DATE:** February 27, 2020

SUBJECT: Resolution No. 20-01 – Amending Salary & Benefit Resolution No. 19-02

The District adopted amended salary and benefit Resolution No. 19-02 on January 24, 2019. There is a need to amend the District's salary and benefit resolution to add two positions, to update the language in the retirement plan section and a recommendation to increase the District's health insurance cap from \$1,500 to \$1,600.

The two positions being added are a Paid Intern and a Firefighter Trainee.

- Firefighter Trainee: This will be a limited time position to help with vacancies. The District currently has three vacant engineer positions and one firefighter vacancy. It will take a few months to test and hire/promote three Engineers and then test to fill the vacant firefighter positions. During this time the Firefighter Trainees will fill some of the vacancies and cover some of the what would be otherwise overtime shifts.
- Paid Interns: The paid interns will work part-time to help fill some of the vacancies already mentioned as well as other times when needed.

When the Salary and Benefit resolution was adopted back in January 2019, the District's pension plan had not started so there was language in the resolution referring to contributions in the District's 457 plan. Now that the District's pension plan is in place, the language referring to the 457 plan can be removed.

The increase in the District health insurance cap of \$1,500 to \$1,600 is proposed to become effective January 1, 2021, when insurance premiums will increase. This increase in the cap is projected to cost the District \$1,540 a month and \$18,480 annually.

Attached to this memo is a redlined version to show the changes and a clean version of the proposed amended Resolution.

mended Action: Consider and adopt Salary and Benefit Resolution No. 20-01

### MEMORANDUM

**TO:** North Central Board of Directors

**FROM:** Tim Henry, Fire Chief

DATE: February 27, 2020

**SUBJECT:** Resolution No. 20-02 – PARS Rate Stabilization Program

The Public Agency Retirement Services (PARS) Pension Rate Stabilization Program is a Section 115 irrevocable trust designed for agencies to prefund pension costs and address pension liabilities when employer revenues are strained. The program was designed to help agencies lessen long-term pension investment volatility while at the same time providing employers with greater local control of assets and investment flexibility to create a more sound retirement system.

Here are some examples of the benefits of using a trust to prefund pension obligations:

- Assets can be accessed to offset unexpected rate increases (rate stabilization) or be used as a rainy day fund during periods when revenues are impaired based on economic or other conditions.
- ➤ District has complete control over assets, including contributions, disbursements and the timing, amount, and risk tolerance level of investments.
- Flexibility to access trust assets at anytime as long as it is used to pay employer's pension obligation.
- Assets held in the PARS Trust allows for greater investment flexibility and risk diversification compared to an agency's general fund investments.

There are no costs to open the Trust and the District is not obligated to make contributions. The District can simply open the trust and decide at anytime when and how much to contribute. The funds contributed into the trust will be invested based on the District's direction but can only be used for employer pension obligations.

**Recommended Action:** Consider and adopt Resolution No. 20-02 authorizing Chief Henry as Plan Administrator to execute the PARS legal and administrative documents on behalf of the District to open the PARS Pension Rate Stabilization Program Trust.

**WHEREAS**, the District's adoption and operation of the Program has no effect on any current or former employee's entitlement to post-employment benefits; and

**WHEREAS**, the terms and conditions of post-employment benefit entitlement, if any, are governed by contracts separate from and independent of the Program; and

**WHEREAS**, the District's funding of the Program does not, and is not intended to, create any new vested right to any benefit nor strengthen any existing vested right; and

WHEREAS, the District reserves the right to make contributions, if any, to the Program.
