

FIRE CAPTAIN Job Specifications

DIVISION:	Operation
FLSA STATUS:	Non-Exempt (Sworn-Safety)
REPORTS TO:	On-duty Battalion Chief
SUPERVISION:	Supervision is received from a Battalion Chief; however, the Fire Captain is still responsible for overall company performance and must exercise independent judgment.
LOCATION:	Assigned Fire Station
HOURS:	The position generally works a 56-hour work week. This position may be required to work a 40 hour work week in a staff position and may be forced to work overtime as the need arises.

GENERAL SUMMARY

Under direction of Battalion Chief, supervises and coordinates the activities of a fire company during an assigned shift; may be assigned to an administrative staff position in the Fire District. This position plans, develops, coordinates and executes work relating to the activities, functions and programs related to assigned shift or staff position.

DISTINGUISHING CHARACTERISTICS

In addition to performing all of the duties, physical requirements, and responsibilities of a firefighter trainee, firefighter and fire engineer, the Fire Captain has responsibility for motivating, supervising, training, and evaluating subordinate-level employees. Fire Captains are responsible for prioritizing, scheduling, and completing tasks associated with non-emergency response activities such as pre-fire planning, fire and life safety education, and station-based training activities. Incumbents are required to supervise and participate in the care and maintenance of a fire station, apparatus, equipment, and grounds. A Fire Captain must also be skilled in and capable of performing firefighting duties, and perform these duties as necessary. The Fire Captain shall be prepared to fill in for a Battalion Chief in an acting capacity. Work at fire scenes and other emergencies may involve strenuous physical exertion, often under adverse climatic conditions. In these situations, the employee is exposed and subjected to dangers and hazards that could result in severe injuries. Work at this level differs from that of a Fire Engineer by the ongoing performance of supervisory and administrative work.

A Fire Captain must maintain proficiency in the essential functions of the lower level class including but not limited to pumping, driving, and firefighting duties; and will be required to possess and maintain required certifications.

ESSENTIAL DUTIES

(May include, but are not limited to, the following:)

Provides direct company level training for subordinates, and/or may be assigned to a Training Officer position and will be responsible for District wide training programs. This position may also be required to participate with District recognized committees.

Communicates with management, peers, subordinates, and other District employees to assign and coordinate emergency scene tasks, evaluate performance, and establish and maintain effective working relationships. Solicits professional development needs of subordinates and provides guidance in helping subordinates meet their individual career goals. Assists employees in understanding their progress toward department and individual goals through performance appraisals, as well as frequent and timely feedback. Instructs others in fire safety, fire prevention, firefighting, and emergency medical services (EMS). Communicates with the general public in order to conduct business inspections, participate in school programs, deliver emergency medical care, answer questions, assess patient needs, etc. Conducts public safety training classes. Produces written documents, such as memos, repair orders, fire and EMS reports in documenting technical and legal matters, and other forms of communication to propose improvements, evaluate performance, or document outcomes. Monitors and responds appropriately to radio traffic including the request for progress reports at emergency scenes. Communicates with Dispatch, North Central Fire personnel, and other agencies in performing emergency scene operations including formulating and transmitting on-scene reports, position-condition-action-needs (PCAN) reports, and routine radio traffic.

Prioritizes, assigns, and directs personnel during emergency scene operations under stressful conditions. Has the skill set to function in the following Incident Command System (ICS) positions: Incident Commander, Section Chief, Branch Director and/or Division/Group Supervisor as needed or assigned. Evaluates subordinates' work performance to ensure conformance to standards. Analyzes data, such as documented work behaviors, evaluations, reports, and product information, in order to make recommendations to management regarding work performance, disciplinary actions, and the purchase or replacement of equipment. Comprehends and makes inferences from written material to: perform work safely, and operate equipment at emergency incidents according to equipment instructions and preplans; performs emergency operation duties in accordance with department standard operating procedures; and identifies, resolves, and/or refers life safety hazards in buildings. Learns job-related material relating to EMS, supervisory, and firefighting duties through on-the-job training and in classroom settings.

Operates motor vehicles (examples: automobiles, fire apparatus and vehicles, and heavy construction equipment) requiring a standard California Driver's License. Operates hydraulic and pneumatic rescue tools, fire pumpers, aerial ladders, ground monitors, etc.

Performs search and rescue functions inside burning buildings, and treats victims who require first aid. Aims and/or directs placement of fire streams. Works in small, cramped areas in order to rescue trapped, endangered, or injured people. Climbs ladders or steps,

and works at heights greater than 10 feet to reach people trapped on building roofs. Moves dirt and burned-building debris to rescue trapped or endangered persons, or to overhaul a structure. Moves earth with various tools in fighting brush fires and rescuing trapped persons from cave-ins. Frequently moves objects weighing up to 50 pounds or more (examples: five-inch fire hoses, EMS equipment, smoke ejectors, trauma boxes, persons on body boards, and salvage equipment) for distances of more than 20 feet. Uses common hand tools to perform tasks at emergency scenes or at the fire station. Mixes gasoline and oil to fuel power tools used in firefighting and rescue activities. Works with cleaning fluids and agents, chemicals, paints, or similar solutions, using personal protective equipment, while performing fire station maintenance duties and mitigating hazardous materials incidents. Detects the following: natural gas leaks while performing emergency work; traffic sounds when approaching traffic at vehicle accidents in roadways; sounds of impending building collapse; calls for assistance; and alarms, sirens, and other signs of alarm or warning in order to remove self from danger and assist others in hazardous situations. Works in a variety of weather conditions. Enters data into a personal computer (PC) or other keyboard device to document fires, first aid incidents, and Partners in Prevention reports. Monitors firefighting performance to determine compliance with North Central Fire District Standard Operating Procedures and related standards. Distinguishes colors to identify chemicals involved in fires by smoke color, and to identify the National Fire Protection Association (NFPA) 704M System, Hazardous Materials. Uses appropriate Personal Protection Equipment (PPE), including a self-contained breathing apparatus (SCBA), while performing firefighting-related tasks in environments that may be immediately dangerous to life (IDLH atmospheres). Meets scheduling and attendance requirements.

CORE VALUES

Integrity, Respect, Trust, Commitment, Community Compassion, Professionalism. The employee is one who seeks to be the best, is tolerant of the mistakes of others, is a team-player, treats all others with respect, does not make excuses for his or her own mistakes, and abides by the rules, regulations, policies, and laws which govern our behavior and performance.

PHYSICAL REQUIREMENTS

The physical requirements described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Must continue to be able to meet pre-appointment and subsequent periodic medical examinations to determine fitness for continued performance of the duties of the position.

Must maintain physical capabilities, requirements, duties and responsibilities of all subordinates.

Must be able to participate in District mandated Physical Fitness Program.

SAFETY COMPLIANCE

Safety is an integral part of our business and the responsibility for safety extends to every employee. Your responsibility toward safety at the workplace includes, but is not limited to:

Proactive involvement in the District's Safety Program, including compliance with all rules and regulations.

Use safe work practices while performing all duties.

WORK ENVIRONMENT

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The position functions both indoors in a controlled office environment and outdoors with exposure to inclement weather.

This position is designated as mission essential during inclement weather, fire, hazardous duty and other emergency operations.

The noise level in the work environment can be excessive and may result in hearing loss and impairment.

Work hours can be irregular, unpredicted and lengthy.

Local travel is required.

Participate in occasional travel for the purpose of obtaining specialized training and other fire and emergency services duties.
