

NORTH CENTRAL FIRE PROTECTION DISTRICT New Construction Inspection Request – Process

Revised 07/23/2025

All new construction in the North Central Fire Protection District requires a minimum of one inspection (Final/Fire Clearance). Each type of plan has its own phases of inspections that must be completed throughout the construction process. The following steps explain the process of requesting a New Construction inspection.

1. Fill out the **New Construction Inspection Request form (DFP-029)**. The application must be filled out in full with an active North Central Permit. If any information is not provided or permit is outside of the allotted 180 days for construction, the application will be rejected until complete.
2. Once completed you will email the form to Fire.Prevention@NorthCentralFire.org or hand deliver the inspection request to the NCFPD Prevention office located at 15850 W. Kearney Blvd. Kerman CA 93630. Office hours are Monday - Friday 7:00am to 3:30pm.
3. You will be contacted via email only to schedule an inspection date and time. The applicant must be present for the inspection. This allows for an uninterrupted flow of information between the Fire Inspector and the applicant.
4. The Fire District Approved Plans and Job Card and all supported documentations shall be available on site for the Fire Inspector review. Failure to have these items on site will result in automatic failure.
5. Once all the required phases of the inspections, the fire inspector will sign the Fire District Job Card and the City of Kerman or County of Fresno Job Card. This signature is what you will need to show the City of Kerman or County of Fresno proving you have Fire Final / Clearance.
6. Notice of cancellations must be made 24 hours in advance or re-inspection fees will be accessed. **Please note:** in the event of inclement weather underground inspections will be cancelled. (Per Fire Prevention Manual 401.001)

Questions or checking the status of your request shall be communicated via email at Fire.Prevention@NorthCentralFire.org. Phone calls will be accepted at 559-878-4560
