NORTH CENTRAL FIRE PROTECTION DISTRICT

2022 Weed Abatement Season

By the authority of Health & Safety Code 14892, notice is hereby given that on March 24, 2022, the Board of Directors of the North Central Fire Protection District passed a resolution declaring that any weeds, grasses and/or rubbish constitute a public nuisance within the District and **SHALL BE REMOVED**.

The deadline for removing such weeds, grasses and/or rubbish is May 1, 2022. If your property does not contain weeds, grasses and/or rubbish or they have already been removed, no action is required. If they are not removed by the deadline, the North Central Fire Protection District shall remove them from the property. All costs of such removal shall be assessed upon the property and the costs will constitute a lien upon the property until paid. If the weeds, grasses and/or rubbish are not removed and a fire should occur on your property, you may be subject to all costs related to fire suppression.

All property owners having any objections to the proposed enforcement will be notified with the date and time of a scheduled public hearing to attend where your objection can be heard and given due consideration.

Please visit the District's website at www.northcentralfire.org to view the resolution, the District's discing standards and a list of local Contractors to help with your abatement. If you have any questions, or you would like to report a weed abatement violation in your area, please call (559) 878-4560.
